

# Air Duster Technical Data Sheet

## Part Number: DG-10

### Specification:

#### Material

- Max Working Pressure - 7 bar
- Air Inlet: 1/4"PT male thread
- Hang up hook for easy storage
- Package - 100PCS/N.W.:14KGS/G.W.:15KGS/1.88

#### Features:

- Special surface treatment, gloss retention for a long lasting aluminum
- Sturdy and durable of metal body aluminum
- Capable for blowing water droplets, dust, iron filings and sawdust

#### Material:

- Air duster body: Aluminum alloy (ADC12)
- O-ring: NBR
- Valve guide bushing: Zinc alloy
- Valve guid fitting: Zinc alloy
- Valve spring: Spring steel
- Reviet: Steel
- Trigger: Steel
- Blow nozzle: Zinc alloy
- 1/4" PT plug: Steel
